

Message President

In the era of digital world, the way of connecting and providing information is changed drastically with time. The Municipal council Batala attempt to publish E-newsletter which will bring awareness and become information sharing platform for the citizens. It provides the detail overview of activities furnished by the municipality and initiatives taken for the welfare of the citizens in the recent months. I wish this splendid idea will achieve great success and continuity will be achieved.

Message Executive Officer

I am extremely delighted on this new initiative of publishing E-Newsletter for providing information about the schemes, programmes, initiatives and glimpse of development works under take by the Municipal council Batala. The initiative has been taken as a proactive step towards improving the governance by sharing important information with the citizens of the city. I am hopeful that this will be an important step towards better public involvement for the better future of the city.

BATALA MUNICIPAL VISION

- *Improvement of physical and social infrastructure with due consideration for pro-poor, participatory and inclusive development based with equity and equality*
- *Pollution-free environment, development of greenery and enhancement of overall beautification of the city etc.*
- *Providing waste water management, collection of garbage on a regular basis from all over the city which helps in making clean and beautiful city.*
- *To carry out maintenance and development work of parks, roads, drains, street lights etc. in the city*

EFFORTS FOR MAKING CITY CLEAN

The city has done many effort to make the city clean by the way of proper and efficient solid waste management.

The new inventory and effort done by Municipality

- The total number of 4 tractors, 6 trolley and one JCB machine has been bought by the Municipality
- The council also added up 35 container, 350 dustbin in the present inventory within the city so that solid waste did not spill over on the road.
- The land of 2 acre is also taken up on lease to solve the dumping issue which is faced by the resident of the city
- 40 iron drums are also placed in the narrow streets so that waste can be collected and disposed of properly.
- 5 old fogging machines are also repaired to get rid of the mosquitoes so that residents remain healthy.
- Under the Swachh Bharat Mission, amount of Rs. 6.24 lakh has been given to beneficiaries for making the individual household toilet.

New Tractors bought for proper collection of solid waste
